Purpose:

The TRB Executive Committee is the senior policy body of the organization. It meets twice a year, in January and June. It advises the TRB Chairman and the Governing Board of the National Research Council on transportation research issues.

Objective:

The objectives of Corps participation on the TRB Executive Committee are: 1. Increase visibility of water transportation and the USACE leadership role 2. Promote USACE programs and capabilities 3. Influence the TRB agenda toward water transportation 4. Improve coordination with the Marine Transportation System community

Benefits:

TRB products can be used to support USACE strategic initiatives and recommendations.
